

LIFE HEALTH CARE PRODUCTS

A World of Possibilities for Health Care Products

Disproquima offers a wide range of excipients, APIs, commodities, dosiers and nutraceutical ingredients to the Life Sciences Industry.

The 9000 m² facilities make our central premises able to provide warehouses specific for temperature-controlled products, flammable products and health care products. Besides, Disproquima has at your disposal 11 logistic bases complying with GMP/GDP standards.

A dedicated sales team will help you in any of the 12 countries where we are present, offering a deep technical knowledge and extensive expertise in their markets.
