

PHOTODIS

SPF30/50+ Ready to use Complex

FORMULATING MODERN AND EFFECTIVE SUN PRODUCTS HAS NEVER BEEN EASIER!

READY TO USE SOLUTION

Engineered to deliver optimal hydration and a luminous 'glass skin' effect, this ready-to-use sunscreen supports skin clarity **by helping to regulate the appearance of imperfections**—adapting to the skin's natural cycle, even during periods prone to occasional breakouts.

HIGHLIGHTS

- ✓ **High protection:** SPF30* and SPF50+*
- ✓ **High UVA protection** (according to ISO 24443) with **5-star UVA rating** (Boots system)
- ✓ **Water resistant***: no synthetic polymer
- ✓ **Light texture:** stable hyper-fluid emulsions with superior sensory profile for all skin types
- ✓ **Hawaiian Act Compliant:** no OMC - No Benzophenone-3
- ✓ **Easy to handle:** ready to pack solution
- ✓ Formulated with **eco-friendly UV filters**
- ✓ **Logistics optimization:** all in one bulk
- ✓ No microplastics

*In vivo
